## CALL FOR VOLUNTEERS

### LOOKING FOR MOTIVATED VOLUNTEERS TO SUPPORT A CULTURAL FESTIVAL

The **China Arts Festival in the EU** is a large-scale initiative aiming to present a series of Chinese cultural and artistic events mainly in Brussels, capital of the European Union, and also in other host cities in EU member states. Last year, not less than **10 events were held over 3 months**: artistic exhibitions, musical performances, conferences, movies and documentaries screenings, workshops, etc. For each event, we gathered **between 100 to 500 attendees** and we were managing all the aspects of the event, from logistics to communication, from catering to press relations, and so on!

We are currently preparing for the 3rd edition of the festival, with a Spring Edition starting in May 2017, and a Fall Edition starting around September 2017.

**Are you a motivated person, willing to get involved in a cultural and artistic festival?
